

Energy Efficiency Policies – Impacts and Indicators

3rd Regional Training Workshop of ODYSSEE-MURE and 2nd European Peer Learning Workshop of EPATEE, Vienna

Location: Stubenring 1, 1010 Vienna

25th April 2018, 09:00-17:00

The workshop is organised in cooperation between the ODYSSEE-MURE and the EPATEE projects (both co-funded by the H2020 programme of the European Union).

9:00-12:45	Session 1: Activities and Tools for Impact Evaluation of Energy Efficiency Policies in EPATEE and MURE	
09:00-09:30	Introduction ODYSSEE-MURE and EPATEE: Two complementary projects	Barbara Schlomann, <i>Fraunhofer ISI</i> Gregor Thenius, <i>Austrian Energy Agency</i>
09:30-10:00	The knowledge base on evaluation practices developed in EPATEE Practical experiences with evaluations and lessons learned	Barbara Schlomann, <i>Fraunhofer ISI</i> Jean Sébastien Broc, <i>IEECP</i> Lovorko Marić, <i>EIHP</i>
10:00-10:15	How to evaluate energy efficiency policies: the “Impact evaluation facility” in MURE	Wolfgang Eichhammer, <i>Fraunhofer ISI</i>
10:15-10:30	Discussion	
10:30-10:50	Evaluation of energy efficiency policies – experience from Germany	Katja Schumacher, <i>Öko-Institut</i>
10:50-11:05	Coffee Break	
11:05-11:25	Experience feedback from an evaluation customer	Michael Aumer, Austrian Federal Ministry for Sustainability and Tourism
11:25-12:45	Interactive session on stakeholder needs Introduction: Stakeholder needs identified so far in EPATEE Discussion on topics of interest and required features of support tools on impact evaluation in EPATEE and MURE	Dario di Santo, <i>FIRE</i> Moderator: Gregor Thenius <i>Austrian Energy Agency</i>
12:45-14:00	Lunch Break	

14:00-16:00	Session 2: Evaluation of Multiple Benefits of Energy Efficiency	
14:00-14:30	The ODYSSEE-MURE tool on Multiple Benefits of Energy Efficiency	Barbara Schlomann and Wolfgang Eichhammer, <i>Fraunhofer ISI</i>
14:30-14:45	Multiple benefits in EPATEE: Stakeholder interests and existing practical experience in evaluations	Jean Sébastien Broc, <i>IEECP</i>
14:45-15:15	Recent activities of IEA on Multiple Benefits	Kathleen Gaffney, IEA
15:15-15:45	Discussion on priorities regarding multiple benefits of energy efficiency	Moderator: Wolfgang Eichhammer, <i>Fraunhofer ISI</i>
15:45-16:00	Coffee Break	
16h00 – 17.00	Session 3: Scoring of energy efficiency progress in Europe	
16:00-16:25	The Combined Indicator and Policy Scoreboard in ODYSSEE-MURE	Karine Pollier, <i>Enerdata</i> Wolfgang Eichhammer, <i>Fraunhofer ISI</i>
16:25-16:50	Discussion on scoring activities of energy efficiency	Moderator: Lea Gynther, <i>Motiva</i>
16:50 – 17:00	Wrap-up	Gregor Thenius, <i>Austrian Energy Agency</i> , Barbara Schlomann, <i>Fraunhofer ISI</i>

26th April 2018, 09:00-12.45

9:00 – 12:45	Session 4 : Understanding energy efficiency indicators
9:00 – 9:30	1. How to analyse energy efficiency trends by sector /end-use? <ul style="list-style-type: none"> • What are the best indicators to use? • How to interpret their trends? • Link with policies
9:30 - 9:40	2. <i>Presentation of the ODYSSEE database and MURE policy mapper: case studies.</i>
9:40 – 10:00	3. How to measure energy efficiency progress by sector and energy savings?
10:00 – 10:15	4. <i>Where to find the energy efficiency improvement and energy savings in ODYSSEE data base and tools: case studies</i>
10:15 - 10:30	<i>Coffee break</i>
10:30 – 11:00	5. Drivers of the energy consumption variation
11:00 – 11:15	6. <i>Case studies on decomposition tool</i>
11:15 – 11:45	7. Introduction to comparison/benchmarking tools and indicator scoreboard
11:45 – 12:15	8. <i>Case studies with benchmarking tool and indicator scoreboard</i>
12:15 – 12:45	9. Conclusion and round tables
