

# ODYSSEE-MURE National Workshop

## Swiss Data for Monitoring and Evaluating Energy Policies

Online: ZOOM

**Friday, 19.11.2021 15.00 – 17:30**

The aim of the workshop is to inform the audience about how the ODYSSEE-MURE tools support energy efficiency policy monitoring, evaluation and analysis. Comparative approaches and data sets are presented and discussed in order to understand how they can inspire the development of more regional and local approaches for policy monitoring and evaluation e.g. targets set by cantons, cities or social initiatives.

- |                      |   |
|----------------------|---|
| 15:00-15:05          | Welcome and introduction to ODYSSEE-MURE<br>Prof. Dr. Regina Betz (Zurich University of Applied Sciences/ZHAW)<br>Prof. Martin Patel (University of Geneva/UNIGE) |
| 15:05-15:25          | Energy Efficiency Indicators: Households and Transport<br>Mrs. Imane Fouiteh (UNIGE)  |
| 15:25 -15:45         | Energy Efficiency Indicators: Industry & Services<br>Mr. Navdeep Bhadbhade (UNIGE)  |
| 15:45 – 16:00        | Discussion  |
| <b>16:00 - 16:10</b> | <b>Coffee-break</b>   |
| 16:10 -16:30         | Presentation of the new MURE Database (Matthias Reuter Fraunhofer ISI/UNIGE)  |
| 16:30 -16:40         | Cantonal Clean Energy Index Switzerland (CEIS) (Nina Boogen/CEE/ZHAW)   |
| 16:40- 17:00         | Data Hub Switzerland (Matthias Galus/BFE)   |
| 17:00 – 17:25        | Discussion of how data bases and tools can be adopted for monitoring and evaluation in Switzerland and how access can be managed                                  |
| 17:25 – 17:30        | Concluding remarks<br>Prof. Dr. Regina Betz (ZHAW)<br>Prof. Martin Patel (UNIGE)  |
